

# Are you tired of the usual leadership training?

## Would you like something more practical for students?

### The Five Practices of Exemplary Leadership

from *The Student Leadership Challenge*, 3<sup>rd</sup> Ed. (Kouzes & Posner, 2018)

- ❖ Model the Way
- ❖ Inspire a Shared Vision
- ❖ Challenge the Process
- ❖ Enable Others to Act
- ❖ Encourage the Heart

## Student Outcomes

- ☐ Reduce isolation of students in a digital world while providing an opportunity for inclusivity among peers
- ☐ Empower students while emphasizing they already have the tools to solve many problems
- ☐ Develop the skills of coaching a team meeting
- ☐ Access to a resource drive to carry out activities
- ☐ Build trust between peers
- ☐ Develop critical problem-solving skills
- ☐ Students earn a Certificate of Achievement and earn [3] points toward graduation

## What does each teacher receive to train students?

- ☐ One day training in the curriculum (online is available if desired)
- ☐ Instructor Manual for implementation with students
- ☐ The Student Leadership Challenge by Kouzes and Posner
- ☐ Access to a resource drive to carry out activities

### For Whom?

- ☐ K-12 Leadership (Administration, Teachers, Counselors)

### Cost?

- ☐ \$700 for one participant; price reduction for each subsequent participant from a district
- ☐ \$25 per student trained by you; cost may be reimbursed by the State of Ohio if corresponding test is taken

### Your Trainer

- Dr. Craig Filipkowski, SALC
  - CEO of Action Learning Solutions
  - Vice President & Secretary of WIAL-USA
  - Senior Action Learning Coach
- Approved vendor for Ohio Department of Education

**When I taught health and worked with student councils, I would have loved to integrate a program like this. It is flexible enough to embed in all types of teams and programs, including athletics.**

~Dr. Craig Filipkowski

# Student Leadership Excellence with Action Learning

## This program is your answer to...

- Giving students the structure to connect with one another **HUMAN to HUMAN** and **EMPOWER** them to solve problems collaboratively
- **3 Points** (in Ohio) toward an alternative path to graduation

## What is Action Learning?

A process of insightful questioning that tackles problems by clarifying the exact nature of a problem or challenge, reflecting and identifying possible solutions, and only then taking action.

## When?

Take advantage of your FALL BREAK or other PD days.

Online training available:

**October 11, 2024**

**October 18, 2024**

**January 17, 2025**

**February 14, 2025**

\*limited to 8 spots per online session; larger groups should contact me for scheduling

\*\* in-person sessions available as well; contact us to schedule (5 participant minimum)
